

DECLARATION OF INCORPORATION

Translation of the German original

Declaration of Incorporation in Compliance with Machinery Directive 2006/42/EC

Type 3531 Globe Valve for Heat Transfer Oil

Products we supply must not be put into service until the final machinery into which it is to be incorporated has been declared in conformity with the provisions of the Machinery Directive 2006/42/EC.

Operators are obliged to install the products observing the accepted industry codes and practices (good engineering practice) as well as the mounting and operating instructions. Operators must take appropriate precautions to prevent hazards that could be caused by the process medium and operating pressure in the valve as well as by the signal pressure and moving parts.

The permissible limits of application and mounting instructions for the products are specified in the associated mounting and operating instructions; the documents are available in electronic form on the Internet at www.samsongroup.com.

For product descriptions refer to:

- Type 3531 Globe Valve for Heat Transfer Oil, DIN and ANSI versions: EB 8131/8132
